SMART INNOVATION

Proflame delivers an exciting new generation of electric fires featuring automatic and interactive controllability. Our smart app captures the full control capability of our advanced handset and places it into your smart phone or tablet, providing a user-friendly interactive experience. From thermostatic programmable heating to spectacular colourful fire displays, smart functionality is built-in just a touch away.

CONNECT

Get connected with our feature-rich, simple to operate smart app.
Control your fire from your smart phone or tablet with full handset functionality.
Available to download on the App Store, or get in on Google Play!

WI-FI ALEXA GOOGLE ASSIST

Voice smart technology allows you to activate your fire using Amazon Alexa and Google Assistant.

COLOUR

Cycle through a variety of pre-set colors, with the option to individually customise colours on flames, logs, and ember bed. Strategically placed LED lights above, below, and behind the fuel bed create a mesmerizing illusion, delivering the most natural, or radically colourful fireside experience.

DUAL FLAME

Natural flame tones meets electric blue intensity. Display one, or both, for a captivating visual.

Colour control opperated via handset and smart app.

CONTROL

Effortlessly control your comfort with our user-friendly app. Thermostatically set your room temperature to create personalised comfort zones, optimising energy efficiency while maintaining your preferred heating level.

With our flexible timer, you can create a personalised heating schedule that perfectly matches your daily routine, maximising comfort and minimising energy waste.

Every fire in our range has an 'Eco Flame' setting. Unlike gas or solid fuel fires, this allows you to enjoy the atmospheric flames during the summer months when it is too warm to turn on the heat.

FIRE & TV SIZE

Finding the balance between fire and TV size can be a challenge when designing your wall space. Today, large TVs often grace the space above the fireplace.

Our size guide helps you achieve that balance by recommending a slightly wider fireplace, creating a visually appealing and harmonious look for your room.

Fire size	TV Diagonal	TV Width
Millimetres	Inches	Millimetres
1000	(40)	900
1250	(55)	1228
